BRING HOPE

Hope: the happy, excited feeling of believing that something good will happen, even when things are tough or uncertain. As Christians we can always have hope because our hope is found in God – we can trust that he turns all things for our good, in his perfect timing!

I am going to be kind, helping and encouraging others. Tick/colour a box each time you do this in these areas:

Home – bring hope to those you live with

Others – bring hope to those beyond your home

Prayers – bring hope through your prayers

every day – bring hope in the little moments
