Lesson 4 - Why is the Bible important?

STARTER

Start the lesson by asking the class what their favourite book is and why. Tell them that they have three minutes to discuss this with their partner and then you would like to hear about what it is that makes it their favourite book. When they have had three minutes ask a few students to share their thoughts.

Go on to explain that today we are looking at a book that is very important to all Salvation Army members and all Christians - The Bible.

Now go on to read through the lesson outcomes. Explain to the pupils that we will be looking at these again in the middle and at the end of the lesson to see how much progress we have made.

FIRST ACTIVITY

First of all read through page 8 and 9 of the 'What is The Salvation Army?' booklet with the class (also shown on slide 4). Ask the pupils to discuss the two tasks on the PowerPoint from this text. When the pupils have had a few minutes, pick out a couple of students to answer the questions.

Now explain that we are going to look at a Bible teaching ourselves. Hand out the Bible teachings to the pupils, ensuring each pupil has one. Go on to ask them to think about what their teaching means and to decide if they agree with it or not. Tell them that once they have thought about it they need to tell their partner what they think it means and why they agree or disagree with it. They should also ask their partner what they think about it.

REVIEW PROGRESS

Explain that before we discuss these teachings further we are going to look at how much progress we have made so far. Tell the class that you are going to read through the outcomes and that as you read them you would like them to stand up if they think they have met the outcome. When pupils stand you could ask a couple of pupils to explain why they have stood up.

SECOND ACTIVITY

Now that the pupils have looked at their own Bible teaching and discussed it with their partner, explain that we are going to have a look at some of the Bible teachings together. Pick out a pupil to read out the teaching they had and to explain to others what they think it means and whether they agree or disagree with it. Now give the rest of the pupils the opportunity to decide whether they agree or disagree with it using their opinion cards. Ask them to hold the red card if they disagree with teaching, amber if they are unsure and green if they agree with the teaching. You can then ask a few pupils to explain their thoughts on it. Repeat this for around 4 different teachings (or as many/few as you have time for!).

You can then explain that these are all teachings that Salvation Army members try to follow as they believe that this is how God teaches them they should live and how they should treat others.

PLENARY

Using slide 8 you can now play a game to recap on today's lesson and a previous lessons. Explain that you are going to read out a statement or a question (shown below) and the answer is in one of the boxes shown on the slide. The game requires two players to stand at the screen and the first one to tap the correct box with their hand as the statement is read out is the winner and stays to play against the next person (you may want to do this as girls vs boys!).

This book is very important to Salvation Army members and all Christians. **Bible**
