Talk about what part of the story most excites each of you.

Sense

Take a walk and imagine Jesus arriving in your community. How do you think people would respond? As you walk, pray for the people who are walking in front of you and those who are walking behind you.

Pray

The people were crying out for someone to save them. Talk about the kind of people who are struggling at the moment and need someone to save them. Pray as a family and talk about the ways you can support.

Bake

Make some Palm Sundaes.
