

Explore It FOR ME

LOTS OF QUESTIONS

John 20:24-29 Jesus appears to Thomas

Here are some ideas and activities you could do on your own

Experiment

Find the answers to these questions:

- ➊ What three things float in water that surprise you?
- ➋ What happens when you put baking soda and vinegar together? And why does that happen?
- ➌ How do you cause static with your hair so that a balloon sticks to your head?

Write

Start a journal of the questions that you want to ask. Each time you have a question, write it in there. And each time someone helps you find the answer – make sure you write that in too.

Draw

Draw a picture of you and your friends doing something you enjoy together.

Make

Draw around your hands so they are slightly overlapped. Cut a hole in each palm on the paper/card to represent Jesus' wounds. Colour them in and make a mask to see through.

Sense

Go outside and feel, smell and try and catch the things you can't see but you know are there – maybe try and touch the breeze, smell the air, hear the noise from the things around you.

KIDS ALIVE! ONLINE
