

THE SALVATION ARMY IN THE NEWS

Here are some of the things we have been doing!

WELCOME TO A NEW HOME! Salvation Army churches welcome Syrian refugee families.

Families fleeing war-torn Syria are being welcomed to a new life in the UK. The families are sponsored by the whole church and are provided a home and support to feel welcome in our communities.

FAITH WEEKEND

Praying and dancing in worship.

More than 500 women in Papua New Guinea met: to study the Bible; to listen and learn from each other; to discuss issues they are facing; and to be challenged to go deeper in their faith.

MORE, PLEASE!

In Rwanda The Salvation Army is reaching out to families about the importance of healthy food for children. Local Salvation Army women's groups are helping by preparing nourishing porridge to give the children after the talk.

FLOOD SUPPORT

Donations pour in to help.

Salvation Army leaders and volunteers

continue to support more than 100 homes affected from the flood. The local officer said, 'The response from the public has been amazing.'

NEW CHURCH

'We are excited to have a new building for our multicultural family - with people from more than 17 countries worshipping here!'

COFFEE AND COMPASSION

Café reaches out to people in need.

A new Salvation Army café has opened. Many of the volunteers are rebuilding their lives after recovering from addictions and want to give back to their community. One volunteer said, 'It's more than just a cafe. It's a place of opportunity where people can come along and we will treat them with respect, with dignity. We will show them the love that some people don't get the chance to experience.'

SCHOOL RECYCLING

Primary pupils donate 823 kilos of unwanted clothing.

The donated clothes mean they will not be sent to landfill and this helps care for the environment. Funds raised from the donation will be shared with the school and with social welfare projects run by The Salvation Army.
