SESSION 03

SMALL ACTIONS CAN MAKE A BIG DIFFERENCE

 Genesis 2:15; 1 Timothy 4:12

Here are some ideas and activities you could do as a family

Watch

Watch with your family *Sir David Attenborough's plastic message* by the BBC.

How does it inspire you to reduce how much plastic you use as a family?

Have a look at the Plastics Watch website for more ideas.

Share

You've had a look at this list on your own, together in the session, and now you hopefully feel confident enough to share some of these planet-saving ideas with the people at home.

Which ones could you put into action to help you and your family become better Creation Champions?

Explore

Try to find time to meet with your corps officer or one of your church leaders.

Find out what your church is doing to care for creation and if there's any way that you can help. Ask a grown-up to go with you if you're feeling nervous, but remember Paul's words in 1 Timothy 4:12 (ICB):

'You are young, but do not let anyone treat you as if you were not important. Be an example to show the believers how they should live. Show them with your words, with the way you live, with your love, with your faith, and with your pure life.'

Sing

By now you should have mastered the song and dance moves. Show someone your progress so far and see if you can teach it to them as well.
