MAKE A CHRISTMAS CARD

Christmas cards are a fantastic way to show love to others at Christmas. So here's a Christmas card design that you can make to share some festive joy! Whether you give it to a friend, family member or neighbour, they'll love that you've thought of them and shared a 'Happy Christmas'!

WHAT YOU NEED

The design on the right or a print of the design on the right. A piece of A5 card (or cut a piece of A4 card in half). Scissors. Paints, pens, pencils and crayons for colouring in. Bright and colourful stuff to cut out and stick on to make a collage. Glue. A grown-up to help. Your imagination.

WHAT TO DO

- 1 Cut out the 'Happy Christmas' design and stick it on to a piece of A5 card or print it on to a piece of card and cut it out.
- 2 Use paints, pens, pencils and crayons to colour in and add to the design. Or cut out some bright and colourful shiny stuff and stick it on to make a collage.
- 3 Fold the card in half.
- 4 Write a message to someone you think is wonderful inside the card and give it to them.
